SEALER OF WEIGHTS AND MEASURES

November 6, 2017

**TO: ALL RESTRICTED MATERIALS PERMIT HOLDERS
ALL OPERATOR IDENTIFICATION NUMBER HOLDERS**

This year, the Agricultural Commissioner's Office will begin taking appointments to begin issuing permits and Operator I.D. Numbers as early as November 20, 2017. Please contact your local district office.
(You may be subject to a headquarter inspection prior to the issuance of your permit)

As a reminder, please note the following:

1. Person(s) wishing to obtain a 2018 Restricted Materials Permit or an Operator I.D. Number must call their local Agricultural Commissioner's district office and arrange for an appointment in advance of coming into the office. *
2. Persons should plan on at least forty-five minutes in order to complete the Restricted Material Permitting process.
3. It is mandatory that persons bring with them all necessary materials to complete the process, including:
 - (a) complete, updated maps of each site (including locations of wellheads)
 - (b) crops, locations, acreages (or estimates of same)
 - (c) list of requested pesticides to be used
 - (d) Assessor parcel numbers (APN's) for each site

If a permittee has not filed Pesticide Use Reports or is delinquent in doing so, permits must be refused until that problem is resolved. If you are uncertain as to your Pesticide Use Report status, please call the district Pesticide Division Investigator immediately. **Pesticide use reports may be submitted electronically instead of submitting paper copies; for further information, please contact one of our district offices.**

Sincerely,

Robert Mulherin
